## **Students' original 9/11 posters to be displayed at OTC**

Ozarks Technical Community College will mark the 10<sup>th</sup> anniversary of the 9/11 attacks this week.

- Posters signed by OTC students on 9/11 will be on display for public viewing starting Tuesday, Sept. 6 through Friday, Sept. 9 in the Information Commons atrium on the Springfield campus.

The posters were put up at the College by Susan Blakey, assistant director of the Career Center, just shortly after terrorists crashed planes into the World Trade Center towers and the Pentagon.

This is the first time the posters have been on display since the attacks 10 years ago.

“The posters were a vehicle of expression. They allow us to see a little of what everybody felt that day.” Blakey said.

- In addition to the display, Loren Lundstrom, Assistant Registrar and Director of International Programs at OTC, was in the Pentagon in Washington, D.C., when it was struck by a passenger plane on 9/11. He is available for media interviews. He can be reached at 447-8197.

*The Ozarks Technical Community College system offers associate degrees and certificates in a variety of technical, allied health, and two-year transfer degree programs, as well as workforce development opportunities and community enrichment courses. Classes are available at six locations throughout southwest Missouri, including the option to earn a complete associate degree online. A degree can be completed in two years or less, at a fraction of the cost of many area colleges. For more information or to register for classes, visit [www.otc.edu](http://www.otc.edu) or call (417) 447-7500.*
